AN EVENING IN PARIS

Homecoming Dance was a sell-out success

On October 8, a magical night at the Euclid High Schools occurred. Around 8 o'clock beautiful cars and limos began to pull up. Girls arrived in elegant dresses while the boys wore their best suits. As you entered the E-Room all eyes were laid on many of the gorgeous decorations. The tables were covered with gold tinsel and there were fun decorations everywhere you looked. The most impressive decoration, however, was apparent as the couples entered the ballroom and stood in awe at the huge Eiffel tower standing in front of the room. The dance sold out on the Wednesday of Spirit Week and was very crowded with 750 people attending. The dancing soon began and the music was pretty good. Although there was no real variety, it was upbeat and fun to dance to.

As the evening wore on, people began to return to the E-Room. Punch and cookies were available for tired people to eat. After that, couples quickly returned to the ballroom in time to dance to the next song.

The night ended with goodbyes and hugs. Everyone exited the school with a t-shirt as their cars and limos waited in the parking lot to drive everyone to their next engagement.

WORKING HARD

Girls' basketball tried hard

The 2006-2007 version of the Girls' basketball team struggled through the season with a 7-12 record. The team had good ball handlers and dribblers and played a fast game but they had a hard time getting the ball through the hoop. **D'Angela Lavender** was good at bringing the ball down the court but many times they never got a shot off and if it missed they seldom got a rebound. The girls worked hard and hung in throughout the game but they couldn't dig their way out of the hole they began in. Ms. **Lynn Phillips** was the coach for the team.

PRACTICING FOR THE

Indoor Track helps students

The Indoor Track season gave students an excellent opportunity to get into condition for the spring outdoor track season. A problem this year, however, was that the condition of the surface of the indoor track had deteriorated through the years and needed replacement so there was only one home meet and that was just for the girls. All the other meets were held away. The teams still practiced on the track and threw the show in the gym balcony and ran the dashes and the hurdles in the first floor hallway. The team worked hard and was well prepared for the spring.

GRAPPLING FOR SUCCESS

Wrestling team shows steady improvemen

The 2007 version of the Euclid wrestling team showed a steady improvement throughout the season. One of the continuing problems was not enough participation so that some weight classes did not have wrestlers so we had to forfeit. Most of the matches that the team wrestled were tournaments where there were many schools represented. They only had one home match with Shaw and Collinwood. **Dustin Cromie, Tim Lake** and **Ronnie Adkins** were some of the better wrestlers on the team. The team was young with only a couple of seniors on the squad. Mr. **Anthony Ranallo** wa the head coach while Mr. **Mike Turk** and Mr. **Greg Sattler** were assistants.

It consisted of a group of enthusiastic girls who loved to express themselves on the field. They had try outs in the spring and practiced with the band throughout the summer. PERFORMING

The Marching Band performe

The Euclid Marching Band began practicing during the heat of the summer and developed several shows that they could use throughout the year. The band only had 110 members which limited the formations they could perform on the field. The members were directed on the field by field commanders, **Bryan Svoboda** and **Annie Santorelli** who kept the action coordinated. Along with the Flag Corps and the Cheerleaders, the band performed at every football game throughout the season. The band also got a chance to play at the fall sports pep rally that was held on October 20 instead of just the Drum Line. GETTING AN EARLY START

Many of the staff begin their day in the early hour

Many people have a hard time doing anything in the morning. Some people, however, thrived in the early morning and enjoyed the peace and quiet it brought. Many teachers arrived in the building between 5:30 and 6:30 am in order to get their work done. Most people never realized the action going on in the building before sunrise.

It may be early in the morning but **Barbara Novak, Kathy Pasquale, Margaret Metti, Jennifer Sylvester** and **Sally Pla** are already at school and working hard to prepare for the day.

Tracy Wienhold helps **Karen DiDomenico** with her project.
SgtMaj. **Larry Isaacs** shows his students how to hold the rifle.
Shauna Ross accompanies **Yuri Doolan**.
Tina Collins helps her students.
Jeremy Hunter ignites natural gas on **Xavier Crawford**'s hand.

2 THE SECRET AGENT BOOK

The underclassmen were very important to the high life. The freshmen showed growth the first few months of their first year in the Euclid High Schools. They had to adjust to the difference between middle schools and the upper schools. The sophomores were pretty much used to the ways of the school and could move around the building without getting lost. This was a big year for many of them since most of them were turning sixteen and were getting their driver's license. This opened up all kinds of possibilities for them. The juniors were very involved in the daily activities going on in the school and they were contributing positively to the environment. As athletes, juniors made up a big part of the sports teams and were an influential factor in the team records. The one thing they were all looking forward to, however, was becoming a senior.

Terraia King showed a lot of spirit in her role as a cheerleader.

Zach Sweet, Brittany Tatum and **Melinda Arko** all showing their spirit at Euclid High Schools.

Mike White, Brittany Tatum and **Kelli Horton** gathering data in the laboratory.

Jessica Daniels works hard on her class work. She knows that she must do her work if she is going to succeed.

Monica Ross gets her food fast so she has time to eat.

Above: Lots of underclassmen helped Student Council plan it's events.

Right: **David Ginley** plans on working hard in class.

007 UNDERCLASS DIVIDER

Marybrigid Rymarczyk had a lot of fun the the Flag Corps while **Christina Johnson, Rachel Schlosser** and **Dan Praznovsky** worked in class.

Ashley Mogul works on her computer while **Brandon Gilliam** works with a balance.

ward Drake was an important part of the foot team. He passed and ran the b and even made an interception.

Dano Buycks makes a tackle on an posing player.

Jasmine Brown, Trina Hunter, Brittany Tatum and **Anthony Sharp** wore their hats on Hat Day.

emera Calhoun dribbles the ball down the field while Jeff Kotlar gets dy to head the ball. **Antoine Hasan** gets ready to make a play.

"Hi everyone". **Jared Pantalone** likes to be friendly with everyone he meets.

Kitrina Young, Alex Rossmann, Dionna Laster, Nick Linderman and **Mario Spinosa** comparing answers.

Kayla Carrico gets some home-work done in the audi-torium.

Kristina Arko does her math home work.

Khemet Burnett fights for the ball with a defender.

Aaron Payton hopes to get guidance from what he learns.

LEARNING IN A LIBERAL WAY

The Academy of Intellectual & Interpersonal Development wants everyone to lear

The Academy of Intellectual & Interpersonal Development had a new leader for the 2006-07 year. Mr. **Steve Hardaway** came to Euclid from the Shaker Heights school system. The purpose of the school was to encourage the development of responsible, life-long learners who embraced diversity and peaceful conflict resolution in a supportive environment with rigorous academic standards. The school focused on conflict resolution through mediation and hosted the school mediation program.

Jackie Cahill, Noelle Roberts and **Ashley Pinchot** enjoy their lunch while students learn how to use the computers and **Kyle Klepac** and friends enjoy their lunch.

The following fifteen seniors had their pictures taken too late to appear in the senior section so they are appearing in this section s they will be included in the book. They are not necessarily members of the Academy of Intellectual & Interpersonal Development.

UNDERSTANDING THE LOGIC IN LEARNING

STEM students stress math and the sciences

The school of Science, Technology, Engineering and Math was headed by Mr. **Ronald Seymour** and the mission of the school was to prepare students to fully qualify for admittance to a college or a university. The students learned critical and analytical thinking skills to further their learning.

Tommie Berry

Attention Euclid High School! The third and final chapter to the Berry Family saga is coming to an end as he prepares to begin a new chapter in his book of life.
Tommie,
Watching you grow from a wild and crazy little boy to the charismatic young man you are today has been quite the adventure. Just thinking of the day the police came to your elementary school to "arrest" you. It's amazing to see you be a leader in not only school and church, but also in the community. From the performances you make on the football field to the quarrels you resolve in the mediation room, you never fail to leave a smile on someone's face. As you leave EHS, remember that even the greatest of leaders have at one point had to follow someone else. Choose wisely who these persons are and what they represent. We love you and we are very proud of you. In the words of out family song:
"Hey now you better know it, know it.
If you get some money, get rich!

Janee',
I have watched you mature into a beautiful, intelligent young lady. I am proud to be your mother, and God has much in store for you.
Love,
Mom

Carlo N. Gentile

Dear Carlo.
Where have these 18 years gone? As I sit here and write this message to you, I reflect back to the day you were born. What a beautiful baby boy. The best Christmas gift your dad and I could have ever received. Watching you grow, be part of your very "1st's" and see the proud little face enjoy the recognition given would fill our days with purpose. You have brought so much happiness and pride in out lives. Your willingness to learn and self-determination to be the best possible you in your personal life as well as in your studies has earned you all that you enjoy today.
You always showed great interest in discovery. Your natural curiosity on how things would react when mixed together would usually make me cringe, especially when there was a "worm" involved. I guess that was when we recognized where your passion was as you continue to strive and learn as much as you can in the field you ultimately desire,
Your focus has always been steadfast, and yet, it wasn't always simple, there have been some rough times for you in your young life, but it is as you said more than once, you didn't allow it to break your spirit in continuing the road to achieving your dream, instead you used the negatives to make you stronger in your convictions. The beautiful qualities you possess at such a young age are to be envied.
Carlo, you are well on your way to achieving your dream and may our Heavenly Father continue to bless you and watch over you. You are a wonderful son and your dad and I are very proud of the fine and upstanding man that you are.
We love you and always thank your Maker for everything in your life
Mom and Dad

Now here you are getting ready to graduate from high school and make a life and career of your own. Our prayer to you is to always keep God first in your life, know that you can do all things through Christ who strengthens you. Always set a high goal for yourself and work towards that goal. Stay as sweet as you are and remember we are always here for you and love you unconditionally.

To Our Darling Rachel:
We count ourselves blessed beyond measure to call you our daughter. You are so easy to love. You've been everything that we could possibly want in a baby girl.
You are kind, lovely, smart, sweet, enterprising, a leader, a problem-solver, motivated, beautiful, talented, a peacemaker, well grounded, a gentle spirit, a chatterbox, hysterically funny, intelligent, focused; assertive, on-point, petite, gorgeous and blessed.

Rachel,
Mama and Daddy are very proud of you and all you've accomplished so far in life. We thank God for the exquisite young woman you've become, seemingly overnight! Keep your hand in God's hand and go on to do greater works.
We love you with all our hearts and we'll always be in your corner.

As a girl you twisted and twirled;

Pigtails and curls:
We all just waited to see.

And quite witty.
An upcoming grad.--

Almost time for cap and gown.
Ready for take off;
But we will be here,

To help you with your wings.

CLOSING

Colophon

The 2007 *Euclidian* was published by Jostens' Printing and Publishing Division at State College, Pennsylvania. 240 copies were printed. The pages were printed on Gloss 90 paper stock and was in full color.All the pages were created using InDesign CS2. All pages were created on a Macintosh G4 computer running OS X 10.3. The computer had 1GB of RAM and a 120 GB hard drive and all files were backed up onto a pair of fire wire drives connected to the computer. The computer had a 17" and a 23" monitor connected to it so the pages could be created on the large monitor and all the tools were displayed on the 17" monitor. An iBook laptop computer was also used to take work back and forth between school and home. All the pictures in the book were displayed digitally. Most were taken with a Nikon D100 or D50 SLR digital camera or a Nikon Coolpix 900 digital cameras. Some pictures were supplied on film but they were scanned using a Canon LIDE 80 scanner and were placed digitally. The photos were processed using Photoshop 7.0 or Photoshop CS2 as the school year progressed. Microsoft Excel was used to make graphs and to keep records of yearbook sales and students' names. The index was produced using Jostens' Last Name First program. Pictures were printed with either a Black and White HP Laser Jet 1160 printer or a color Xerox Phaser 8400 printer. All the layouts were submitter to Jostens in pdf format by uploading directly to their server. The proofs were sent to the high school and corrected and returned on CD ROMS. The cover was designed by the **Jostens Art Department.** The pages were submitted to the printing plant on five deadlines; November 27, December 25, January 15, February 5 and February 26, 2007. Since the final deadline was in February nothing that occurred after that time could be included in the 2007 book. Because the book was all color deadlines had to consist of eight page multiples. Forty four seniors took advantage of the picture patron option and had their pictures included in the book. Also a large percentage of studnts ordered their yearbooks with their names engraved on the cover so they could be easily identified.

Thank You

The staff of the 2007 *Euclidian* would like to extend thanks to all who helped to make this book possible. First and foremost, thanks have to go to the adviser, Mr. **Bill von Benken** for the many long hours of hard work and planning that had to be put in to get the entire operation going and to keep it going. Others to be thanked are: **Ohio School Pictures, Inc.** for taking the team, senior and underclass pictures. **Jostens Yearbook Company** for putting it all together in such an artistic manner, Mrs. **Marsha Knauss** for all the time she spent getting lists of students, mailing labels, organizing the picture days, choosing pictures and identifying students. Thanks also have to go out to all the students who wrote stories and took pictures that were included in the book. Last, but not least, thanks go to all the students of Euclid High Schools without which the book could not exist.

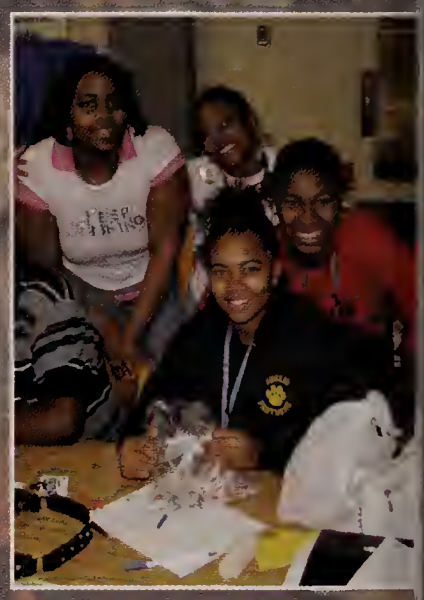

Staff

Many people contributed their time in order to make the 2007 *Euclidian* a reality. Some students wrote storied while others put the pictures into the collage. Some helped with the page layouts and others with the mailings to the homes. **Brittaney Sufka, Lindsey Sova, Mya Cloud** and **Jessica Daniels** did a lot to get the collage assembled. **Brittaney Sufka** helped a lot with the photography. Many students wrote stories that were useful in completing the book. Thanks go out to everyone who participated.

Disclaimer

The 2006-2007 school year is history. Many interesting and significant events occurred during that time and the Euclidian tried to cover as many of them as possible. This was difficult due to the limited staff and the many events taking place in the different schools. If we missed something, we are sorry. We sincerely apologize for any errors or omissions that occurred in the book but this is a single printing of a high school yearbook and errors will occur.

Top: Students mixed it up on Mix-i up Day in the cafeteria.
Above: Choral Masters gets ready t put on their performance.
Left: **Dave Horowicz, Jaylyn Harris** and **T.J. Madden** discussin *Rumors* in the Fall Play.
